Creative Alternatives, LLC  
PO Box 442  
Gainesville, Virginia

Greg,

We just wanted take a moment to thank you for your assistance with the purchase of our new home. From the start of the leasing process through the end of the buying process we were pleased with your honesty, reliability and integrity. The lease purchase option allowed us to have the opportunity to really decide if we felt comfortable in our home and our community. No other program will allow you to "test drive" a home and a community. This was so very important to us as we wanted to be certain that our children would also do well in their new environment. We would recommend your program to **anyone** who really wants to buy a home but has credit challenges or uncertainty about living in a particular area. Your honest assessment of the neighborhood was right on target. We are very happy in our new home!

Thanks again Greg for helping us to achieve our goal of home ownership!

Sincerely,

Derrick & Sheila M.
