Hi Greg,

I've been very happy with the house I recently purchased from you, and want to let you know how much I appreciate your working with me to secure this home for me, and ultimately my daughters. It's nice that your company, Creative Assets Management, takes the time to renovate smaller homes that are hard to find in this area. I greatly appreciated the lease-purchase option in order to move and transition during the summer months. Also, your "complimentary" mowing service was very helpful and they did a great job.

Sandra Merrow Covas
